Ladies and Gentlemen:

I am a student at Emmanuel Baptist Christian school and a listener to K-Love. I like K-Love because it is positive, encouraging, and very entertaining. K-Love does a lot for our city. It is a very good station. If you take K-Love off the air, I don't think our city would like that.

Yours truly,
Matthew Swanson

Dear JCC:

I am from Immanuel Christian School. Why do you want to take K-love off the air? If you take it off, a lot of people wouldn't get saved. K-love is a station with no bad words. My mom says, "There is one station I can trust my kids to listen to." Kids even like K-love! We get to praise God and the Lord will be so happy. If you take it off a lot of people will be saved. "KLO 88.1" is one of

the reasons I became a Christian.

The announcers are great. If you cancel it, also a lot of people will grow away from Jesus. They might even go back to drugs. A lot of people accept the Lord our God through music. We listen to K. LOVE. So please don't take K. LOVE off the air. God wouldn't be happy about that. All I am asking for is keep K. LOVE on the air.

K. LOVE Fan,
Lindsay S.

P.S., Thank you.

I don't want K-LOVE off the
air. It is a good radio station,
and change people's heart. Some
people haven't accepted God
into their lives. So please
don't take K-LOVE off the air. It
changes people's lives, and they
accept Jesus into their lives. A lot
of people did not accept Jesus
into their lives.

Ladies and Gentlemen,

I am student of I.B.C.S. and I love K-Love because they put songs of love, joy, thankfulness, and fun. And even people are saved. They become Christians!!! When I am sad I put K-Love and sing along. If we didn't have K-Love some people wouldn't have Christ and be Christians. So please put K-Love on the radio.

Yours truly,
Ana Lopez

Dear FCC:

Dear FCC Miss Bastion puts K-love on
some times and about of people like it.
While are you taking K-love off their K-love
music talks about God and if you take it away
people will not become Christian. K-love
music does not talk mean things it talks nice
things. K-love music helps people and to be
Christian. If you take K-love off their
probably people will drinking and driving
and go on drugs.

Dear FCC,

Please don't take K-Love off the air. Every morning, when you listening to K-Love, you just feel great. If your listening to it, you will feel good. K-love helps people understand that they need Jesus in their life. K-love has changed many lives. It will change your life if you listening to K-love. If we don't have K-love, people will be bad and not have Jesus in their heart. Please, don't take K-love away.

Sincerely,

Dear GCC,

I like K-Gore and you can too. Please don't take K-Gore off the air. Then we can't praise God anymore. You can learn about God and become a faithful Christian. They help El Paso by us listening to K-Gore and getting saved by Jesus. It would be bad if we didn't have K-Gore cause people would stop praising God anymore. Just please don't take K-Gore off the air.

Truly,

Dear FCC,

I am a 4th grade teacher at Emmanuel Christian School. I have a wonderful opportunity to teach in a Christian school. One of the aids that I use to inspire and encourage my students is K-LVE. K-LVE is a positive alternative in a "messed-up" world. K-LVE helps listeners understand that God has demonstrated His love for us by dying for us. As I tell my students, "We have choices to make in life, no matter what choice we make, there is a consequence, good or bad." Please consider the results that would affect 9 & 10 year olds by taking K-LVE away.

Sincerely,
Doris Bastin

Ladies and Gentlemen,

I believe that if you take K-love
of the air unfortunately the great news
will stop spreading, the love of Jesus. If
you put K-love back into the air the love
of Jesus Christ will be spreading all
over the world. I suppose you
could learn or have more about
Jesus Christ, if you are a Christian
you know it is not right.

I want K-LOVE to be on the air

because they have helped many people.

Just think, you could be missionaries.

And think about the people. You give them time. You should support them.

F. I will be upset if you don't keep them on the air.

Chris
